It's been jested than the quickest way to become rich is to sue everyone. There are many who hold this as undeniable fact. "Business Law Battle Plan for Entrepreneurs: Protect Your Company From Lawyers, Lawsuits, and Legal Disasters" is a guide for the small business owner to navigating the legal minefields of the business world. The law is a scary thing, and Marjorie Jobe seeks to arm business owners with the fundamentals such as proper employment and termination methods, the internet, when to sue for your own rights, your rights when approached by the authorities, and much more. "Business Law Battle Plan for Entrepreneurs" is a must have guide for those who want to avoid their business's death at the hands of the law.
